

The Hadley Learning Community

HLC as an Extended School

Extra-curricular activities

The Hadley Learning Community is an Extended School. This broadly means that we are committed to providing an extensive programme of activities in addition to the normal school day.

The extended school programme offers:-

- Breakfast Clubs
- Lunchtime Activities
- An after school activities programme
- Holiday clubs and activities
- “Different Day” – when the school timetable will be collapsed for special curriculum events which will take place during the school day.

These activities are arranged by our Extended School’s Co-Ordinator and information will be published to students, parents and the community in a booklet and also on our Website. This information will be available during the early part of the Autumn Term.

There will be specific programmes for Primary and Secondary students.

The activities range from Sports, Art, Drama, Dance, ICT, study support, additional GCSEs and Clubs all using the superb HLC facilities.
