

## **Special Educational Needs**

If your child is statemented or at Action/Action Plus they will receive the appropriate support within the curriculum and/or from Student Support Services.

There are two staff – the Assistant Heads of Student Support Service (Primary and Secondary) who will work with the Head of Student Services to ensure that children with SEN make good progress through the school.

All teaching staff will have IEPs and sufficient information on students with specific needs to enable them to plan their lessons effectively to meet the needs of those students.

We will work closely with our primary feeder schools to ensure that we are very familiar with the needs of children with SEN, prior to transfer into our Year 7.

There will be a large team of Teaching Assistants within the HLC to support our students with their learning.
