

## **The Hadley Learning Community**

### **Uniform and Dress Code**

We have spent a great deal of time researching our uniform to ensure quality and good value for money. We have a single supplier 'School Trends' and our uniform is only supplied by this company so that we keep to one style.

The uniform will be stocked in the shop within the community entrance area of HLC and at reception. Once we are established in the new building, parents will be able to purchase it online through our website.

We expect all our students to wear full school uniform in both Primary and Secondary phases. It has a contemporary style that they should enjoy wearing and will look extremely smart both within school and in the community.

# **UNIFORM**
